

SESAME STREET'S ART WORKSHOP

For Windows 95/98 and Windows 3.1

Choose from: Stickers; Painting; Coloring Book; and Costumes.

Automatically starts in "child's mode". They cannot accidentally delete their work.

"Adults mode" has the complete tool/task bar.

Art Workshop from CTW adds open-ended, self-directed activities to your child's interactive learning library. When you see your child's creations, I think you'll agree that creativity is not only fun, it's an important aspect of mental growth as well. (Dr. Erik Strommen, PhD)
